"Promoting Interconnected Transportation Options"

**INVITATION TO A FREE WEBINAR
ON
MULTIMODAL LEVEL OF SERVICE ANALYSIS IN THE 2010
HIGHWAY CAPACITY MANUAL**

Date: ~~Wednesday October 19th, 2011~~

****POSTPONED TO: Tuesday November 1st, 2011****

Time: 1:00 – 2:00PM (MDT)

Location: Room 326, 120 South Federal Place (Federal Building), Santa Fe, NM
(Please note: Photo ID Required to enter the building)

The Santa Fe MPO is sponsoring an Association of Pedestrian and Bicycle Professionals (APBP) Webinar titled "*Multimodal Level of Service Analysis in the 2010 Highway Capacity Manual*". Full details are below. Attendance is FREE. All that is asked is that you RSVP to Keith Wilson via email if you would like to attend (kpwilson@santafenm.gov). This webinar is open to all, so please forward this invitation onto others who may be interested.

Webinar Details:

The Highway Capacity Manual (HCM) is one of the most widely referenced documents in transportation planning and engineering. The 2010 edition includes a comprehensive analysis method for all major users of an urban street, including bicyclists and pedestrians. This webinar will discuss the bicycle and pedestrian level of service methods that allow planners and engineers to analyze how urban streets meet the needs of nonmotorized users and to examine the effects of different improvement options. These analyses help us to efficiently distribute limited funds to the most effective improvements and to better communicate projects' benefits to the general public.

Learning objectives for this session include:

- How bicycle and pedestrian level of service analyses have evolved
- The background behind the HCM 2010 multimodal level of service methods for bicycles and pedestrians
- How to apply the HCM bicycle and pedestrian level of service methods and interpret results.

The session will also include a brief update on the joint ITE / APBP project, "Evaluation Tools for Complete Streets". The report of this project is being drafted; it covers several analysis tools including MMLOS.

Presenters:

Nick Foster, Kittleson & Associates

Jamie Parks, Kittleson & Associates

Jeffrey Riegner, Whitman, Requardt & Associates

AICP has approved 1.0 Certification Maintenance credit for this webinar. A certificate of attendance for those wanting to document Professional Development Hours will be available.

If you cannot attend the MPO Showing of this webinar, details on how to register yourself can be found at the following link: http://www.apbp.org/event/Oct-11_webinar
